Dear Jim,

about six weeks ago you did a seminar for the federal border school in tactical training scenarios. We were very impressed about your kind of training and we'll use much of your ideas for the seminar we do in the federal border police.

As I've said to you, this kind of training is very important for police officers all over the world. Hopefully we can do a seminar like this next year again.

We hope to see you again, stay safe.

Thanks for all you did for us.

Yours

Thomas Witt
