Dear [Redacted]:

I would like to take this opportunity to thank both you and Jim Wagner for providing the *Edged Weapons Training* for our staff here at U.S. Pretrial Services. The information you presented the officers on September 30, 1999 was very informative and relevant to our jobs. I have enclosed several of the program evaluations for your review. You will find that the officers found the program challenging but extremely helpful to them. Thanks again for presenting such a well-designed program and we look forward to working with you again in the future. Should you need to contact me I may be reached at (619) [Redacted]. Please forward your final invoice to the address indicated above.

Sincerely,

Shiela Adkins,
Supervising U.S. Pretrial Services Officer
